## WRRC Info January 2018

Dear President, Dancers, Officials, Trainers

Bellow you can find some important information for the year 2018!

### 1. REGISTRATION OF DANCERS, COUPLES AND FORMATIONS

This time the we must start very early with the renewal of the WRRC registrations of your couples, dancers, formations, because first competition in 2018 will start already in February (Sochi – 24.02.2018). As previous years, we will open the Fast Registration Protocol (FRP), where you will have the opportunity to register your dancers, couples and formations in package:

The address is [www.wrrc-registration.com](http://www.wrrc-registration.com)

The fast registration process is the same as last year, so you can start using it at once. On the front page of the Registration toll there is the short description of the procedures. Please read it carefully and proceed as instructed there.

When deciding to delete a couple or a dancer please make sure you don't want to see the data anymore in the database. If the couple/dancer/formation is not active, just leave them without registration and they will not be visible on the active sides, but they will remain in the database

**The FRP will be active until 15.01.2018. After that the process will be closed and you will need to reactivate the remaining dancers one by one. After the FRP is closed you will be able to add new dancers, couples, formations and register your team members for competitions that follow in 2018.**

After the FRP is closed, you will be also able to start using the registration of acrobatic elements for the B-Class and Main Class couples.
